ABOUT GLEBE Cafe CHURCH AND CHAOS CHURCH

Glebe Café Church aims to connect with ex-churched and un-churched young adults. It is a new model of church, open to new ideas, valuing the arts, interactivity, and diversity of opinion and belief. An extension of Glebe Café Church is Chaos Church, which seeks to connect with families and young children.

As a Christian faith community we seek to follow Jesus. While we have fuzzy boundaries, Jesus remains our centre. Basing our exploration in the Bible, we want to help others, and have them help us, in our stumbling towards Christ.

A community covenant

This covenant is one way you can participate in this faith community.

First, we explore together the reality that God made us and gave us everything we have. Fulfillment comes from living our lives and using these resources for something meaningful and bigger than us.

Second, when we pool some of the resources God has given us - time, skills, possessions and money - we can achieve things together that are beyond our scope as individuals.

Third, we need to be able to give up some of 'our' money, possessions or time, to offer this stuff to God - whether through our community or via a charity.

our mission priorities

At Dreamscaping (our annual dreaming and planning times), as a community, we have confirmed together five mission priorities. These are:

Hospitality: Building community and openness through inviting, welcoming, promotion

Creativity: Nurturing the development and use of art, music & multimedia

Deeper Faith: Deepening the faith experience of members

Outward focus: Greater 'outward' mission focus using art & music

Social and environmental justice: Providing opportunities for social and environmental care, justice & action.

Think about directing your resources to areas that you are passionate about.
